

# Lithium-Ion Battery Recycling Programs

US & CANADA ONLY

**Protecting our environment is important to Nobles.** We encourage our customers to responsibly recycle their lithium-ion batteries to help us create a cleaner, safer and healthier world. Nobles is now an Industry Steward of Call2Recycle. Our customers in the US and Canada can participate in these convenient programs.

PROGRAM NAME	FEE	ELIGIBLE PRODUCTS	STEPS TO RECYCLE
<b>Drop-off Battery Program</b>	There is <b>no charge</b> for Nobles customers to recycle these batteries.	Aspen™-6B Independence 	<ol style="list-style-type: none"> <li>1. Call <b>1-800-822-8837</b> or <a href="#">click here</a> to find the nearest drop site for <b>FREE</b> battery disposal.</li> <li>2. Drop boxes are within many electronics and hardware stores, typically near the front doors. There is no required paperwork or special instruction - simply drop and go!</li> </ol> 
<b>High Watt-Hour Lithium-Ion Battery Recycling Program</b>	<b>\$95 per box</b> (includes shipping) for the customer to recycle one battery.	Speed Scrub® 15B 	<ol style="list-style-type: none"> <li>1. <a href="#">Click here</a> to learn more and purchase a recycling kit.</li> <li>2. Once you receive the recycling kit (return label included), simply place your battery in the box and ship it back.</li> </ol>

**Did you know you can also recycle household batteries at these locations?** Batteries accepted may include cell phone, laptop, appliance, drill, and more! This recycling service is free to any customer. Visit [www.call2recycle.org](http://www.call2recycle.org)
