

REINVENT HOW THE WORLD CLEANS

V-CAN-16

Canister Vacuum

High Performance, Built for Productivity with HEPA H13 Filtration

Thoughtful features like a detachable cord, speed dial, and innovative handle design make this large capacity vacuum a strong offering. Designed and built in Europe.

Available technologies

-  HEPA H13 Filtration
-  Bag full light
-  Speed control

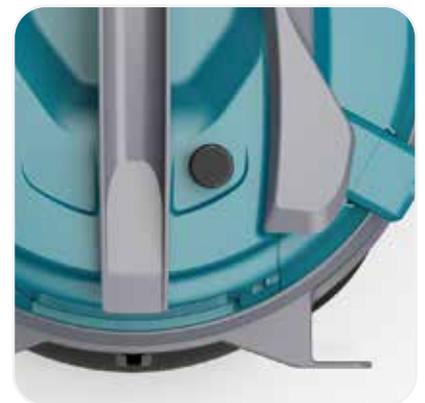

Bag full light

Full bag indicator tells operator when it's time to change bags.

Detachable Cord

Minimize downtime with easily changeable cord.

Quiet operation

Speed regulator allows for noise adjustment, and non-marking rubber wheels travel over hard floors quietly.

Inside the V-CAN-16

- 1. Three-stage filtration**
HEPA H13 cartridge
 - 2. Detachable power cord**
Allows for cord change without disassembling the machine
 - 3. Durable side bumpers** to protect from damage
 - 4. Speed control**
Adjust motor speed to limit noise when needed
 - 5. Bag full light**
Know when to change the bag with a lighted indicator
- Optional tool holder**
Keeps accessories available for ease of use (not shown)
