Grayed cells denotes parts not used in the construction or operation of the machine, and therefore are not applicable.

- Prices include all checks and adjustments on the PM checklist, PM labor, and parts checked above, if applicable, on the model and series being serviced.
- All labor required to install checked parts on this list is included.
- Parts included in the Silver Program must be installed during a regular Planned Maintenance visit. Any additional parts or labor are charged separately to the customer.
- Sweeper dust filters are not included in the Silver Program and will be charged separately to the customer.
- Available in Standard Tennant direct service areas only.
