Tennant Technologies

Tennant's technologies help you to enhance safety and productivity while reducing water and chemical usage.

IRIS® Fleet Manager

IRIS® Fleet Manager allows you to manage your fleet of machines across multiple sites. This intelligent command center delivers key performance metrics, empowering you with actionable insights to optimise fleet performance, improve cleaning efficiency, drive measurable results, and reduce cost-to-clean.

ec-H2O NanoClean™

Like the original ec-H2O™, ec-H2O NanoClean™ technology electrically converts water into an innovative cleaning solution that cleans effectively, saves money, and reduces environmental impact compared to daily floor cleaning chemicals*.

ec-H2O™

ec-H2O™ scrubbing technology improves productivity by scrubbing up to 3 times longer with a single tank. It uses less chemicals and packaging and up to 70% less water than conventional methods, thus reducing the environmental impact of your daily cleaning and maintenance activities. It also improves safety for both passers-by and operators.

More than clean, it's ReadySpace®

ReadySpace®

ReadySpace® rapid-drying carpet cleaning technology provides clean, fresh carpets in minutes to reduce room and carpet area closure times. It uses up to 80% less water to clean and leaves 90% less water in the carpet.

100+

OUR R&D AND
PRODUCT QUALITY

*ec-H2O NanoClean™ technology is not suitable for all soils, including heavy concentrations of fats and oils. Depending on the type of soil, conventional chemical cleaners may be required.

Retail

Cleaning in shops, supermarkets and department stores demands flexibility and efficiency. Our scrubbers and sweepers deliver outstanding results on hard floors, carpets and outdoor areas. Easy to manoeuvre, they clean quickly and thoroughly, even in tight spaces or hard-to-reach areas. Low noise levels ensure that business can continue as usual, while unique technologies help you to reduce water and chemical usage for floor and off-floor application. The risk of slip-and-fall accidents is reduced with a high-performance genuine Tennant squeegee and a powerful vacuum system that leaves a virtually dry surface, even on tile floors.

NEW

T7AMR

AUTONOMOUS RIDER SCRUBBER DRYER

The T7AMR is a robotic solution designed to work safely and efficiently alongside employees. Powered by BrainOS advanced vision based A.I. system this machine is able to avoid obstacles in a complex, real world environment while your employees focus on high-value tasks. Featuring a self-adjusting splash skirt to reduce scrub desk overspray, preset routes for daily cleaning and can operate in tight turning circles. The T7AMR is your newest team member!

Scrub head size: 650mm

T380AMR

AUTONOMOUS RIDER SCRUBBER DRYER

Increase productivity, maintain a high standard of cleaning, and effectively clean narrow aisles and spaces with the T380AMR, a compact robotic floor cleaning machine. The T380AMR is powered by BrainOS® and is specifically designed for autonomous cleaning, working safely alongside employees and customers, while navigating around obstacles. Clean tight spaces, including narrow aisles, with the T380AMR's compact and maneuverable design and 500 mm scrub head. Teach and repeat training model ensures consistent cleaning performance from the T380AMR Robotic Floor Scrubber. Clean more effectively and consistently by running multiple routes, back-to-back, without assistance. Reassure both employees and customers that clean is a priority by putting the T380AMR to work during regular business hours.

Scrub head size: 500mm

NEW

Manufacturing and Industry

Safety and productivity are top priorities on manufacturing sites. Tennant machines deliver quick, efficient cleaning of floor and off-floor applications. Our scrubbers are easy to manoeuvre, yet tough and powerful enough to handle all kinds of debris and dirt. Excellent water pick-up reduces the risk of slip-and-fall accidents. Meanwhile, our quiet, easy-to-use carpet extractors and vacuum cleaners help ensure that office floors are always flawless, dry and ready for use.

S20

COMPACT MID-SIZED RIDER SWEEPER

Mid-sized power is combined with the manoeuvrability of a ride-on machine in this compact sweeper. It's suitable for indoor and outdoor use and includes the SweepMax™ dust control system for better air quality.

T16

BATTERY-POWERED RIDER SCRUBBER-DRYER

This battery-powered ride-on scrubber-dryer was designed to reduce ownership costs by as much as 20% compared to traditional machines. Innovative scrubbing technologies greatly improve cleaning efficiency and reduce water usage. This robust machine is easy to use with intuitive Touch-N-Go™ controls that enhance operator safety. The maintenance Touch Points are easy to identify, ensuring that daily maintenance items are checked and helping to protect your investment.

S16

RIDE ON BATTERY SWEEPER

Providing big productivity and versatility in a compact, battery-powered ride-on sweeper, the S16 delivers exceptional sweeping performance across a variety of surfaces and debris types. Achieve impressive dust control with a multi-stage filtration system and maintain air quality with fume-free operation. The MaxPro™ sweeping technology that provides consistent power to the main brush which achieves consistent cleaning results. Maintain indoor air quality and effectively contain dust with a multi-stage filtration system and fume-free battery operation. Extend runtime and clean with reduced noise levels with Eco-Mode™.

M17

BATTERY RIDER SWEEPER-SCRUBBER

Reduce the need for multiple pass cleaning with the versatile M17 battery sweeper-scrubber. The M17 delivers exceptional sweeping and scrubbing performance, and it provides health and safety benefits. The M17 sweeper-scrubber is easy to operate and maintain, and quickly improves your facility's image.

Aviation and Public Transport

Efficiency is everything when cleaning public transport buildings. Hallways and facilities need to be available for non-stop traffic. Tennant machines are compact and easy to manoeuvre, cleaning around obstacles without impeding passengers. Excellent water pick-up minimises the risk of slip-and-fall accidents while a range of cleaning paths and accessories makes it easy to match every floor size and surface.

R14

RIDE ON CARPET EXTRACTOR

Get the convenience of an interim ride-on extractor and the effectiveness of a deep cleaning rider extractor in one machine. Innovative Tennant ReadySpace® technology lets you clean frequently with rapid drying. Easily transition between two cleaning technologies with no tools required. Use up to 80 percent less water to clean and get up to 90 percent water recovery across entire cleaning path with ReadySpace technology and Tennant's patented vacuum shoe design. Deep extraction technology provides an exceptional deep cleaning and extends carpet life and fresh appearance.

T7AMR

AUTONOMOUS CLEANING SOLUTIONS

The T7AMR is a robotic solution designed to work safely and efficiently alongside employees. Powered by BrainOS advanced vision based A.I. system this machine is able to avoid obstacles in a complex, real world environment while your employees focus on high-value tasks. Featuring a self-adjusting splash skirt to reduce scrub desk overspray, preset routes for daily cleaning and can operate in tight turning circles. The T7AMR is your newest team member!

Office Buildings

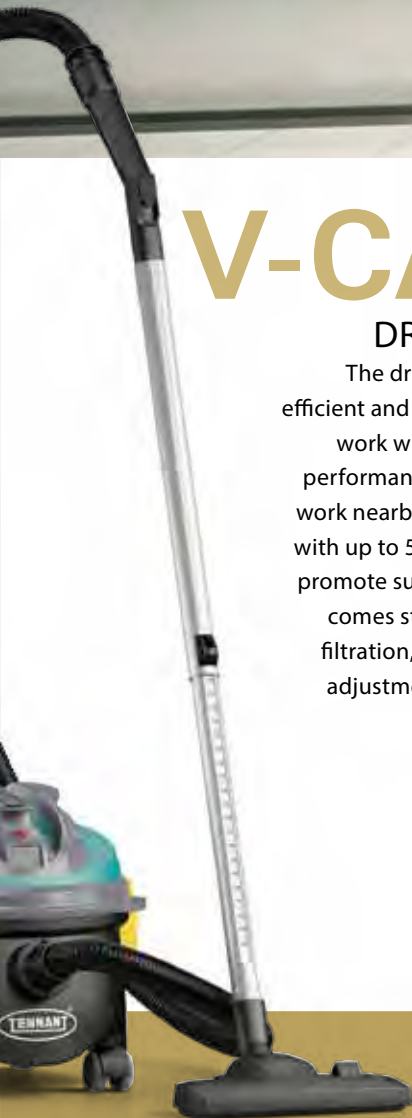

Tennant machines are ideal for cleaning a wide variety of floor surfaces and room sizes in office buildings. They work quickly and efficiently, leaving floors dry and ready for use whenever they're needed. With easy control and manoeuvrability, they clean around furniture and reach easily into awkward areas. Low noise levels and superior dust filter technology help to create a pleasant, healthy environment for employees and visitors.

V-CAN-16

DRY CANISTER VACUUM

The dry canister range is designed to be efficient and ergonomic, tailored to help users work without any extra strain. With quiet performance this machine does not disrupt work nearby. BLACK IS GREEN™ construction with up to 55% recycled plastics, designed to promote sustainable cleaning. The V-CAN-16 comes standard with multiple stage HEPA filtration, speed regulator to provide noise adjustment, full bad indicator, detachable cable and telescopic wand.

E5

DEEP CLEANING EXTRACTOR

This deep-cleaning carpet extractor features easy pull-back operation and an ergonomic handle for maximum comfort. With a mere 69 dBA sound level, it provides powerful cleaning in small spaces and hard to reach areas.

Application	T1(B)	T2	T300	1610	E5	V-BP-6/7	V-CAN-16	V-SMU-36
Offices	×	×	×	×	×		×	
Reception	×	×	×				×	×
Meeting rooms	×	×		×	×	×	×	

Hospitality

The hospitality industry demands fast, effective cleaning that leaves floors dry, safe and available for use at all times. We provide a range of scrubbers and extractors for efficient cleaning of both hard floors and carpets. Their low noise level allows cleaning anytime without disturbing guests. Compact and manoeuvrable, they easily fit in lifts, clean around furniture and reach into every corner.

ASC-57

ALL-SURFACE CLEANER

Tennant's ASC-57 All-Surface Cleaner features ten easy to use tools, including a telescopic vacuum wand. This specialty machine is made for multi-purpose use. Protect your operators with the All Surface Cleaner's no-touch process that cleans, rinses and blow-dries fixtures and surfaces, and recovers dirty water. Clean almost anywhere with the ASC-57's portable design, ideal for use on sinks, shower stalls, toilets, urinals, locker rooms, public toilets, stairwells, and other non-porous surfaces.

E5

CARPET EXTRACTOR

This deep-cleaning carpet extractor features easy pull-back operation and an ergonomic handle for maximum comfort. With a mere 69 dBA sound level, it provides powerful cleaning in small spaces and hard to reach areas.

Healthcare

Healthcare premises need safe, efficient and thorough cleaning. Our walk behind scrubber-dryers, carpet extractors and vacuum cleaners are ideal for cleaning around furniture and in hard-to-reach areas. Working quietly, they leave floors dry, safe and ready for use without disturbing patients and staff.

WET-DRY VACUUMS

V-WD-27 / V-WD-62 / V-WD-72

Clean away dirt and water with Tennant Wet/Dry vacuums, and choose the right size and power level that you need. With advanced mechanical design, compact and lightweight machines ensure no loss of performance and can withstand up to 800 working hours. Also hosting quiet performance so your floors can be cleaned without disrupting work nearby, which is perfect for Healthcare. Each machine comes with SANIFILTER – Certified Antibacterial Treatment. This treatment is of the filters with silver ions (Ag+ ions) where it destroys bacteria's membrane cell, fungus, viruses, micro parasites and inhibits their proliferation. Sanifilter has good cleaning resistance, up to 5 washes at low temperature (T=40°C). Immediate and effective action on the collected material avoiding bacteria re-emission in the exhaust air. Antibacterial activity against both Staphylococcus Aureus and Klebsiella Pneumoniaes verified according to the JIS L 1902:2008 International Standard.

ec-H2O NanoClean™ technology electrically converts water into an innovative cleaning solution that cleans effectively, saves money and reduces environmental impact compared to daily floor cleaning chemicals. This converted water is created by an on-board e-cell that generates millions of nanobubbles per millilitre of solution. These nanobubbles then promote the cleaning efficiency of the solution.*

* ec-H2O NanoClean™ technology is not suitable for all soils, including heavy concentrations of fats and oils. Depending on the type of soil, conventional chemical cleaners may be required.

Education

School and university facilities can get dirty very fast. We offer durable, reliable machines that withstand almost constant use while reducing water and detergent usage. Our scrubber-dryers clean quickly and thoroughly, leaving floors dry for reduced risk of accidents. A range of scrubbing paths allows you to adapt to any space, while low noise levels mean you can clean without interrupting lessons.

V-BP-7

BACKPACK VACUUMS

Cleaning is both easy and productive with this lightweight, comfortable backpack vacuum. It comes with a complete set of tools as standard, allowing you to customise it for a wide range of jobs. HEPA 4-stage filtration helps to improve indoor air quality.

Pro-Panel™

T300

WALK BEHIND SCRUBBER-DRYER

With three possible cleaning paths, you can match this walk-behind scrubber -dryer perfectly to your facility. Quiet (at only 64.9 dBA or 57,8 dBA with Quiet Mode™) and cord-free, it lets operators work unobtrusively at any time. It is easy to operate with no-hassle squeegee system, clear sight lines and simple controls. Unique Tennant scrubbing technologies allow faster cleaning with reduced water and detergent use.

The service you need **wherever** **you are**

No matter how you use your equipment, we've got you covered. Highly skilled and factory trained Tennant service technicians are available to handle all your maintenance needs.

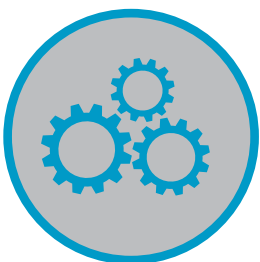

FACTORY DIRECT SERVICE

Our service team can help you decide which of our service agreements is best for your needs. Whether your top priority is maximum uptime, quick response or preventive maintenance, we have a package to suit you.

PREDICTABLE COST OF OWNERSHIP

Our comprehensive service offering is designed to protect your investment and lower the total cost of ownership. In addition, costs are predictable and can be perfectly budgeted.

TENNANT TRUE PARTS AND CONSUMABLES

You can expect top quality from our machines, and our parts and consumables are no different. As well as being durable, they are precisely designed to enhance results and improve your cleaning productivity. All Tennant parts and consumables are widely available, easy to order and delivered quickly.

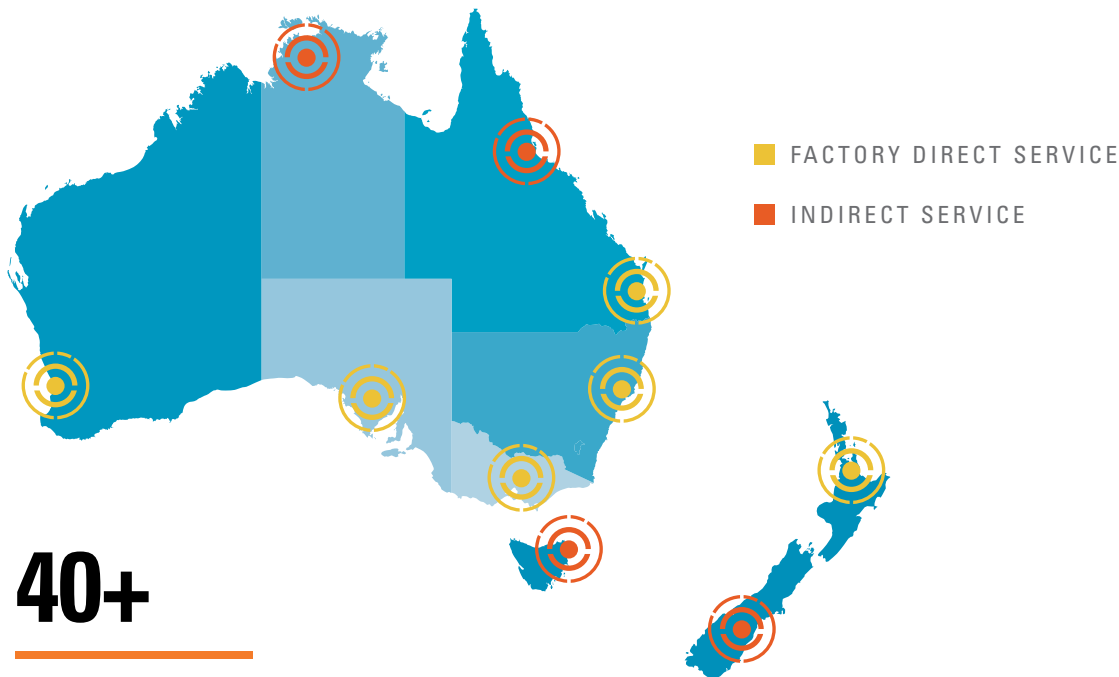

PROFESSIONAL CUSTOMER SUPPORT

Our customer support team is available during business hours on weekdays and weekends to help you to order parts or schedule a service visit.

Factory Direct Service Coverage

Over 40 direct service technicians and a constantly growing indirect service network covering Sydney, Melbourne, Brisbane, Adelaide, Perth and Auckland. If you require information for service outside the metro zones, please contact us on **1800 226 843** or visit www.tennantco.com.au
