# Keep Grounds Clean with Tennant Products

Maintain a clean, safe and attractive environment with industry-leading cleaning equipment. Tennant Ride-On scrubbers and sweepers will help you keep your grounds free of debris and ensure high quality results, every time. We help you achieve consistent, cost-effective and beautiful results.

## A WIDE RANGE OF CLEANING EQUIPMENT IS AVAILABLE

Industry-leading scrubbers and sweepers are available from your Tennant representative – designed to maintain cleanliness and appearance of cemetery grounds while maintaining safety.

### Clean and Protect in All Weather

Air-Conditioned and Heated cabs available to help protect operators in all weather conditions.

### Battery, Gas, Diesel or LPG Compact Ride-On Sweeper

Designed for larger pathways and heavier dirt found in outdoor locations. Provides excellent dust control with the **SweepMax® Plus** system. Help manage silica dust with our optional HEPA filtration system.

Contact Tennant today to schedule a site survey and identify the best equipment for your needs.
