

Cleaning Solutions Tailored To Your Needs

Your top priority is taking care of your patients. That also means taking care of your staff, visitors and facility. Tennant can help you:

- Maintain higher cleaning standards
- Reduce risks to health and safety, including slip-and-falls, and lower noise levels
- Maximize labor resources while improving operational costs
- Enhance patient experience and positively impact HCAHPS scores
- Minimize chemical usage for a more sustainable clean
- Improve indoor air quality with HEPA filter technology

The GPO Purchase Advantage

- Leverages negotiated purchasing power with contracted GPOs
- Grants quick and easy access to top-of-the-line and easy-to-use equipment to maximize your up-time
- Offers equipment backed by factory direct service
- Helps curb labor costs, increase cleaning efficiency, improve productivity and enhance satisfaction for employees and patients
- Tennant has GPO contracts with Premier and Vizient

**Not every cleaning program looks the same.
Let Tennant help design a program that is right for
your customers.**

Get a Better Level of Clean

From hard floor cleaning to outdoor sweeping. Tennant provides a total solution for keeping healthcare facilities bright and attractive. We offer a full range of cleaning equipment and technologies to meet multiple cleaning needs.

V-LWU-13B Vacuum

Easily transport vacuums between floors and buildings with a lightweight, user-friendly design. Maintain indoor air quality with standard HEPA filtration. Choose the lithium-ion battery-powered Tennant V-LWU-13B with an impressive run-time of up to 50 minutes.

i-mop® XL Plus / i-mop® XXL Plus Scrubbers

Drop the mop and get a better level of clean with the i-mop® XL Plus / i-mop® XXL Plus Scrubbers. The i-mop makes it possible to clean nearly any surface with freedom of movement and great ease of use. No borders or boundaries. This machine isn't just designed for cleaning, it is designed for the operator.

B5/B7 Battery Floor Burnisher

Ultra quiet machine, as low as 63 dBA, ensures safe sound levels. Active filtration with HEPA standard, maintains indoor air quality. 90 degree flip up head, enables a safe ergonomic position when changing pad.

T300 Walk-Behind Scrubber

Clean hard floor surfaces quickly and quietly with the T300 Walk-Behind Scrubber. Available with ec-H2O NanoClean® technology and Quiet-Mode™ for cleaning with reduced 58 dBA noise level. Choose from 17", 20", 24" disk or 20" cylindrical and 20" Orbital.

T350 Stand-On Floor Scrubber

High productivity rates and great maneuverability make this stand-on scrubber an ideal choice for large or obstructed spaces. Choose Tennant technologies like the ec-H2O NanoClean® system and Smart-Fill™ automatic battery watering for added benefits.

T380AMR Robotic Floor Scrubber

Increase productivity, maintain a high standard of cleaning, and effectively clean narrow aisles and spaces with the T380AMR, a compact robotic floor cleaning machine. This robotic floor scrubber is specifically designed for autonomous cleaning, working safely alongside employees and customers, while navigating around obstacles.
